- a. qualified in at least one [Australian Qualifications Framework](#) level higher than the course of study being taught; or
- b. deemed to have obtained “equivalent professional experience” in lieu of formal qualifications as specified in Section 2, clause(8) of this Policy.

(2) The content of this Policy is aligned with the [Higher Education Standards Framework \(Threshold Standards\) 2021](#) Provider Course Accreditation Standards (specifically 3.2).

Section 2 - Policy Statement and Principles

- c. a sound understanding of current scholarship and/or professional practice in the discipline areas they teach; and
- d. understandings of pedagogical and adult learning principles relevant to the students being taught.

Guiding Principles Relating to Assessment of Qualifications and Equivalent Experience of Academic Teaching Staff

(4) Academic staff will normally have the required level of formal qualifications specified in this Policy in a discipline relevant to the subject matter that is at least one level higher than the subject being taught.

(5) Where there is an exception to this, for example in emerging areas and in some professional areas, academic staff will need to demonstrate that they have gained a combination of formal qualifications as well as relevant teaching, professional, research and work experiences that meet the requirements of this Policy.

(6) Academic staff who are assessed on a combination of formal qualifications and professional or other experiences must have formal qualifications at minimum that are at the same AQF level as the course being taught in a discipline relevant to the subject matter. Professional and other experiences and skills are used to assess equivalency with the required qualifications for the course.

(7) Teaching, research and professional experience used to assess equivalency must be current and relevant to the subject material being taught and must be supported by appropriate evidence.

(8) The table below outlines the minimum requirements that align with the [Higher Education Standards Framework \(Threshold Standards\) 2021](#). Where Faculties require additional evidence or standards as appropriate for different disciplines or professional areas of study, schedules are to be lodged as per Section 4, clause (17) of the [Academic Staff Teaching Qualifications and Equivalent Professional Experience Procedure](#).

(12) The University recognises that there may be exceptions not covered by these guidelines.
