(5) There will be no fee to lodge a complaint for any stage of complaint resolution.

(6) There are policies and processes that deliver timely resolution of formal complaints and appeals against academic and administrative decisions without charge or at reasonable cost to students, and these are applied consistently, fairly and without reprisal.

- c. Review of complaint outcome conducted in accordance with Section 9 of the [Student and Public Complaints Procedure](#).

Section 8 - Support During the Complaint Process

(16) A student may seek confidential, independent advice from the [Student Advocacy Service](#) at any stage of a complaint.

(17) In any discussions or interviews in which a complainant participates during any complaint process under this Policy, whether as a complainant or respondent, the complainant may, at their discretion, be accompanied by one other person whom the complainant designates as their support person.

(18) A support person may not be a person:

Section 9 - Withdrawal of Complaint

(21) At any time during the process, a complainant may withdraw a formal complaint or review of a complaint outcome by notice in writing to the Office of the Academic Registrar by emailing Student.Complaints@acu.edu.au.

(22) Upon such withdrawal, the complaint will be recorded on the Register of Complaints, but investigation of the complaint will normally be discontinued.

(23) The University reserves the right to further investigate matters on its own initiative based on information that has been provided as part of a withdrawn complaint, or based on information that the University has subsequently acquired that is relevant to the withdrawn complaint.

Section 10 - Unreasonable Complainant Conduct

(24) It is expected that a complainant will comply with all aspects of the complaints process in a reasonable manner. The University will take action to restrict access to the student and public complaint process where it is determined that the behaviour of a complainant is having a disproportionate and unreasonable impact on the University, its staff, services, time and/or resources through any of the following:

- a. unreasonable persistence that is continued, incessant and unrelenting including where the substance of the complaint has already been considered by the University and satisfactory measures have been taken to resolve the matter;
- b. unreasonable demands (express or implied);
- c. unreasonable lack of cooperation including submission of documents that are excessive in volume, unstructured, repetitive or irrelevant to the complaint, or withholding information, or misrepresenting others;
- d. unreasonable arguments that are not based in reason or logic, that are incomprehensible, false or inflammatory, trivial or delirious;
- e. unreasonable behaviours that compromise the health, safety and security of staff, other service users or the complainant themselves.

(25) In any case in which the behaviour of a complainant is found to constitute unreasonable complainant conduct, as defined in clause (24) of this Policy, action may be taken by the University to:

- a. change or restrict access to the student and public complaint processes; and/or
- b. refer the matter to be dealt with under the [Student Conduct Policy](#).

Section 11 - Other Avenues of Feedback or Complaint

(26) Any person may elect to provide feedback through the online feedback form where they are not seeking a formal resolution, but would like to submit feedback about their experience at, or of, ACU, the University's operations or to make suggestions for improvement.

(27) A student or former student may make a disclosure or formal report of sexual assault or sexual harassment in accordance with the [Student Prevention and Response to Sexual Harm or Gender-Based Violence Procedure](#).

(28) While complainants are encouraged to resolve any concerns or complaints they may have, nothing in this Policy detracts from the right of a person to access any other appeal or complaint mechanism available to them as legislated in the relevant State or Territory. If any external process is initiated, the internal complaint process will be terminated.

(29) Following exhaustion of the internal complaint processes, in the case of matters for which there is no external avenue of appeal, or complaint mechanism available, a student can request an independent review in accordance with the [Independent Review of Appeals or Complaints Policy](#).

(30) Where a student has accessed any independent review or external complaints mechanism, and their complaint is substantiated and results in an enforceable remedial action, ACU will comply with such action as soon as is practicable but no later than 10 working days from receipt of notification of the action required. For overseas students holding a student visa and enrolled in a CRICOS-registered course, this process will be undertaken in accordance with the [National Code of Practice for Providers of Education and Training to Overseas Students 2018](#).
