Honours Course Grading Codes

(103) All Honours courses will be assessed and recorded according to the codes listed in Table 5.

(104) The award of the overall Honours Grade will be based on marks obtained in all units required in the Honours course, weighted according to their credit point values (illustrated by the formula below).

$$\text{Mark range} = \text{SUM (Honours unit marks x unit credit points)} / \text{SUM Honours unit credit points}$$

Table 5 - Grading Codes - Honours

Overall Honours Grades	Mark Range %	Code
First Class Honours	85-100	HI
Second Class Honours - Division A	75-84	HIIA
Second Class Honours - Division B	65-74	HIIB
Third Class Honours	50-64	IIII
Fail	0-49	NN

Grade Point Average

(105) The grade point average is calculated as the average of unit grades obtained by the student, weighted by the credit point value of each unit (illustrated by the formula below). The GPA value of grades for this purpose are as listed in Table 1 and Table 2 to clause (96) in these Regulations.

$$\text{GPA} = \text{SUM (GPA value} \times \text{unit credit points)} / \text{SUM unit credit points}$$

(106) Pass Ungraded (PS), Credit Granted (CG) and Withdrawn Without Academic Penalty (WW) grades are excluded from the calculation of the grade point average.

Section 11 - Academic Progress

Satisfactory Academic Progress

(107) A student must maintain satisfactory academic progress in a program or non-award course.

(108) Unless the program rules otherwise specify, or the Head of School, or equivalent, otherwise approves, a student must complete the requirements of the program within a maximum time limit calculated from the first undertaking of any units counted or the date any credit is granted towards the program requirements, and not including an interruption of studies to a maximum of two standard study periods authorised under clause (73) in these Regulations. The time limits are:

- Sub-Bachelor, Bachelor Degree, Double Bachelor Degree and Bachelor Honours Degree – according to the formula full time equivalent course length multiplied by two plus one (2n+1); or
- Graduate Certificate – 2 years; or
- Graduate Diploma – 4 years; or
- Masters Degree – 6 years; or
- Masters Degree leading to an Initial Teacher Education qualification (2n+1).

(109) A student's academic performance will be formally assessed at the completion of the following progression review periods:

- following Semester 1 results release date inclusive of Semester 1, Summer Term and Professional Term 8 of the previous year and Professional Terms 1-4, ACU Online Terms 1 and 2, and Foundation Term 4 of the previous year and Foundation Term 1; and
- following Semester 2 results release date inclusive of Semester 2, Winter Term and Professional Terms 5-7, ACU Online Terms 3 and 4, and Foundation Terms 2 and 3.

(110) Notwithstanding clause (109) in these Regulations, a student's academic performance may be assessed following any study period where the Head of School, or equivalent, determines it is necessary.

At Risk Process

(111) A student who has failed 50% or more of enrolled units or credit points during a progression review period will be warned that they are at risk of not making satisfactory academic progress.

(112) The student will be formally notified by the Course Coordinator of their at risk status. The notice must be consistent with the correspondence requirements of clauses(6)-(8) in these Regulations and will normally be issued within 20 working days from the date of finalisation of their results for the relevant progression review period to:

- a. warn that further failure may lead to termination of their enrolment;
- b. recommend they seek academic advice before continuing in their program; and
- c. refer them to relevant support services.

Unsatisfactory Academic Progress

(113) A student's academic progress will be determined as being unsatisfactory in the following circumstances:

- a. a student has failed 50% or more of enrolled units or credit points taken during a progression review period for a second or subsequent time; or
- b. a student has failed the same unit or its equivalent on two occasions; or
- c. a student has failed any professional experience unit or unit containing professional experience; or
- d. it is apparent that the student cannot complete the requirements of a program in which they are enrolled either:
 - i. within the maximum time limit under clause (108) in these Regulations; or
 - ii. in the case of an international student within the expected duration specified on the student's Confirmation of Enrolment.

(114) A student who is assessed as making unsatisfactory academic progress:

- a. will be required to show cause as to why their enrolment should not be terminated under clauses (115)-(117) in these Regulations; and
- b. may have their enrolment terminated under clause (121) in these Regulations.

Show Cause Process

(115) The student will be formally notified by the Course Coordinator of the requirement to show cause as to why their enrolment should not be terminated. The notice must be consistent with the correspondence requirements of clauses(6)-(8) in these Regulations and will normally be issued within 20 working days from the date of finalisation of their results for the relevant progression review period.

(116) Any submission from a student showing cause why their enrolment should not be terminated must:

- a. be in writing;
- b. explain the circumstances that led to unsatisfactory performance;
- c. demonstrate a strategy to improve academic performance; and
- d. be submitted within 20 working days from the receipt of the notification of the requirement to show cause.

(117) Failure to show cause in the format required under clause (116) in these Regulations may result in termination

of enrolment.

(118) The student's show cause submission will be assessed by the relevant Course Coordinator who will consider:

- a. whether the student has a reasonable prospect of success;
- b. the relevance of any evidence of compassionate or compelling circumstances provided by the student to support their case;
- c. the maximum time limit for completion of the program; and
- d. whether there are any relevant:
 - i. regulatory and legislative requirements; and/or
 - ii. professional accreditation or registration requirements of a program.

(119) The Course Coordinator will determine whether the student:

- a. may continue in their program or non-award course unconditionally; or
- b. may continue in their program or non-award course, subject to specified conditions which are limited to additional requirements for:
 - i. academic skills development and/or remedial support;
 - ii. a reduction in study load for no more than one study period which must not result in a full-time student falling below 75% of the equivalent full time study load;
- or
- c. may remain enrolled but must transfer to another program, non-award course, major or specialisation where the student is eligible for admission; or
- d. will have their enrolment terminated from their program or non-award course.

(120) The student will be advised of the decision within 20 working days from the date of the student's lodgement of the show cause submission.

Termination of Enrolment for Unsatisfactory Academic Progress

(121) Unless otherwise determined by the Head of School, or equivalent, a student's enrolment in a program or non-award course is terminated if the student:

- a. having been required to show cause: or
 - i. has failed to do so; or
 - ii. has been recommended for termination by the Course Coordinator who has determined that the cause shown was not of sufficient merit;
- b. has failed 50% or more of enrolled units or credit points taken during a progression review period for a third time; or
- c. has failed the same unit or its equivalent on a third or subsequent occasion; or
- d. has failed the same or any two different professional experience units or units containing professional experience; or
- e. fails to meet any conditions previously imposed on the student's enrolment at clause (119)b. in these Regulations; or
- f. has exceeded the maximum time limit for completion of their program under clause (108) in these Regulations.

(122) A student who is terminated under clause (121) must be terminated from the program that triggered the termination but may be given the option to be awarded an approved exit qualification if the requirements for such an award have been met.

Effective Date of Termination

(123) Termination under clause (121) will take effect from the end of the study period during which the student became liable for termination where a student:

- a. does not apply for a formal review or appeal of the decision to terminate; or
- b. has applied for a formal review or appeal of the decision to terminate after 20 working days of the notification of the decision.

(124) Where the decision to terminate under clause (121) is subject to a formal review or appeal lodged within 20 working days of the notification of the decision, the termination will take effect from:

- a. the end of the study period in which the student was last enrolled in any units, where the student has not continued in their program of study at any time since becoming liable for termination; or
- b. the end of the study period in which the matter is finalised, where the student has continued in their program of study and the census date for the relevant study period has passed.

Request for Formal Review of Termination

(125) A student may apply for a formal review or appeal of any termination of enrolment under the provisions of Section 12 of these Regulations.

(126) Failure to apply for a formal review or appeal within 20 working days of the notification of a termination of enrolment decision may result in an international student receiving a Notice of Intention to Report to the [Department of Home Affairs](#) and Department of Education.

(127) Where no application for formal review or appeal of a termination decision has been submitted by an international student, there are no further appeal rights relating to the Notice of Intention to Report to the [Department of Home Affairs](#) and Department of Education.

Application for Readmission or Re-enrolment Following Termination

(128) An applicant whose enrolment, at this or another university, has been terminated for unsatisfactory progress, may only be considered for re-admission into a course or individual unit(s) under Section 4 of these Regulations after two standard study periods have elapsed from the date of termination unless they are applying for admission to remedial or preparatory study at ACU. Such study will not be credited towards any program.

(129) A student who has failed the same unit or its equivalent on three occasions and whose enrolment has been terminated may not enrol in units in that discipline until at least two standard study periods have elapsed from the date of termination; re-enrolment in such units is subject to the approval of the Head of School, or equivalent concerned.

Section 12 - Review and Appeals

(130) A student who wishes to apply for review of or to appeal an academic or administrative decision will do so in accordance with the [Student Appeals Policy](#) and [Student Appeals Procedure](#).

- a. comply with all University statutes, policies, procedures, regulations and rules;
- b. pay all relevant fees and charges; and
- c. complete all requirements prescribed for the program.

(132) Failure to complete all the requirements of clause (131) in these Regulations will result in ineligibility for conferral in the relevant award.

(133) Where the course rules provide for an exit point, a student who has satisfied relevant course requirements may apply to take out the lower level award.

Revocation or Rescission of an Award

(134) In instances where it has been confirmed that an award was wrongly conferred, either through administrative error or based on provision of fraudulent or misleading information, ACU may rescind or revoke the award in accordance with the [Rescission, Revocation or Relinquishment of an Award Procedure](#).
