## Section 1 - Background Information

(1) This Policy has been developed to outline the arrangements for income maintenance for Professional Staff who have been redeployed, become “unattached” (as defined in the [ACU Staff Enterprise Agreement 2022-2025](#)), or otherwise placed into a position classified at a lower Higher Education Worker (HEW) level.

## Section 2 - Policy Statement

(2) The University recognises that there may be variations to employment circumstances which result in a Professional Staff member being redeployed or confirmed into a position which is classified at a lower HEW level.

## Section 3 - Scope

(3) This Policy applies to all continuing and fixed-term Professional Staff members.

## Section 4 - Procedures

(4) A Professional Staff member whose substantive position was HEW 7 or above who has been redeployed into a position classified at a lower HEW level and/or fraction than the position which was made redundant by the University shall continue to receive salary equivalent to that of the redundant position for a period of no more than 12 months from the date of redeployment. After this date they will receive the salary applicable to the classification and fraction of the position into which they have been redeployed.

(5) A Professional Staff member whose substantive position was HEW 6 or below who has been redeployed into a position classified at a lower HEW level and/or fraction than the position which was made redundant by the University shall continue to receive salary equivalent to that of the redundant position for a period of no more than 18 months from the date of redeployment. After this date they will receive the salary applicable to the classification and fraction of the position into which they have been redeployed.

(6) A Professional Staff member who becomes “unattached” and who has been placed into a position classified at a lower level than the position they occupied prior to being “unattached” shall continue to receive salary equivalent to that of the position they occupied prior to being “unattached” for a period of no more than 12 months from the date of placement. After this date they will receive the salary applicable to the position into which they have been placed.

(7) During the period of income maintenance, the staff member will be placed in the position at the top incremental step of the lower classification level, and they will continue to receive equivalent salary to that of the higher graded position for the 12 month period, which will be considered as salary for all other purposes. Staff members will cease to receive any special loadings and/or allowances which were peculiar to the previous position that are not applicable to the new position.
